CROSS-BODY PORTABLE PYROMETER SLING

FOR CYCLOPS L

- Cyclops quickly and easily glides up the strap when you are ready to take a temperature measurement.
- Glide strap hardware screws directly onto the base of your Cyclops via the tripod mount allowing pyrometer to rest securely at your side with lens facing down.
- Sling wears comfortably cross-body and the adjustable strap provides a custom fit for any size and can be worn on either shoulder.
- Custom, 360-degree swivel hardware enables your portable pyrometer to move with body while in motion.
- Padded shoulder strap with breathable air mesh is shaped to conform perfectly around your shoulder for maximum comfort.

The Cross-body Portable Pyrometer Sling keeps the Cyclops L tight against your body to prevent swinging , bumping or accidental drops and makes it easily available for taking a temperature measurement.

AMETEK LAND HAS BEEN MANUFACTURING PRECISION MEASURING EQUIPMENT SINCE 1947. WE ARE SPECIALISTS IN NON-CONTACT TEMPERATURE MEASUREMENT AND COMBUSTION MONITORING WITH APPLICATIONS ACROSS DIVERSE INDUSTRIES SUCH AS STEEL AND GLASS MAKING, POWER GENERATION AND CEMENT MANUFACTURE.

As part of AMETEK Process & Analytical Instruments Division since 2006, our customers benefit from the worldwide AMETEK sales and service team.
